Make your Travel Arrangements

- It is recommended that you arrive in Honolulu at least one day before the Welcome Orientation. For date and time of the Welcome, see http://www.hawaii.edu/issmanoa/pages/home/new-students/orientation.php
- At the Welcome, you will meet the MIX and ISS staff members, who will orient you to the university. The Welcome is followed by a brief tour and a pizza social where you will be able to mingle with other international students.

Contact students from your university who have been to UHM (Optional)

- Previous exchange students to UHM can be an excellent resource for you. Ask your international exchange advisor to connect you with returnees so that you can learn from them what to expect at UHM! If possible, read reports written by former exchange students to UHM.

Pack some materials from your home university and country (Optional)

- It is nice to have some materials or small gift items from your university, country, and culture to share when you arrive. As an exchange student, you are an ambassador between your home university and UH Mānoa.

Helpful Information

Clothing to pack

Hawai‘i is a casual place with a comfortable, relaxed lifestyle and a warm climate. Most people dress in lightweight clothing. Many students attend classes dressed in shorts, T-shirts and sandals. Most faculty and staff also dress casually. We enjoy frequent rain showers throughout the year (sometimes light rain, sometimes heavy). You can purchase an umbrella, beach slippers, and summer clothing here. Some suggestions for clothing to bring are:

- Shorts, T-shirts, and jeans
- Comfortable pants, shirts, sundresses
- A nice outfit for special occasions
- Bathing suit, sunglasses & hat, beachwear & sunscreen
- Sweatshirt or sweater for cooler evenings, for cool climates in higher elevations, and for air-conditioned buildings and classrooms
- A light water-resistant jacket or windbreaker for rainy or very windy days and evenings
- Sandals for everyday wear, a pair of nice shoes, athletic shoes and shoes for hiking

Handling Money

- Plan to bring enough U.S. cash to cover your expenses for the first few days in Honolulu. This will help you cover the initial costs of transportation, housing and food.
- You can use ATMs (Automated Teller Machines) and your credit card if you need additional U.S. cash when you first arrive. There are ATMs located at the airport, in Honolulu, and at the UHM Campus Center.
- For identification purposes, a picture ID and a credit card will be required for the rental of vehicles or to exchange currency. Some vendors may require two forms of identification. You may want to get an International Driver’s License with a photograph of yourself to serve as a form of identification.
- Most exchange students open a bank account soon after arrival to Honolulu. There are banks on and near the campus.
- Credit cards make the purchase of goods and services easier and are required for most rentals.

Airport Arrival

If Honolulu International Airport is your U.S. Immigration and Customs Port of Entry:

- You will first pass through U.S. Immigration. Have your travel documents (DS 2019 or I-20 & passport) ready.
- Pick up your baggage from the baggage claim in the International Terminal, and go through U.S. Customs. Once you clear Customs, you will pass through sliding glass doors and enter an open-air lobby where telephones and hotel information are located.
- All passengers arriving from U.S. cities should proceed to the Baggage Claim on the lower level.
- If you have not made reservations for accommodations, you can call local hotels listed for room availability. Some hotels have their own shuttle service to transport their guests from the airport (ask the hotel desk clerk about this service).

Transportation from the Airport

It is best to have U.S. cash for ground transportation; it may not be possible to pay with a credit card. The list below is provided as a service, NOT as an endorsement; we take no responsibility for the quality of service of these companies. Costs and fees are subject to change.

- The Honolulu International Airport is located about 10 miles from Waikiki. Find Ground Transportation Information (taxi, bus, shuttle) on the airport website at: [http://hawaii.gov/hnl/ground-transportation](http://hawaii.gov/hnl/ground-transportation). Other ground transportation options are
  - Sphinx Transportation (call 808-922-4900 from the airport to reserve a shuttle)
  - Airport-Island Shuttles (make reservation at least 3 days in advance; call 808-521-2121 or see [http://www.airportislandshuttles.com/](http://www.airportislandshuttles.com/))
  - Reliable Shuttle (make reservation in advance; call 1-888-924-9292 or see [http://www.reliableshtuttle.com/](http://www.reliableshtuttle.com/))

- If you wish to take a taxi from the airport to your hotel, hostel, or the university, there will be a person outside of baggage claim telling you which taxi to take. If there is a line of taxis, it is expected that you will take the first one in line. All taxis charge the same fare; you do not need to bargain for a lower price.
- If you take a shuttle, you will need to carry your bags across the first set of traffic lanes to a median area. This is where the shuttles pick up passengers.
- Tipping is voluntary, but it is expected that you will tip the taxi or shuttle driver about US $1.00 per bag in addition to the fare.

Language Notes: The written Hawaiian language has two “extra” symbols. Each vowel can be either long or short. A long vowel is marked with a kahakō (macron), or line over the vowel. There is a big difference, for example, between kāne (man) and kané (a skin disease). The glottal stop (as in Hawai‘i) is called an ‘okina. It is similar to the sound between the vowel sounds in the English uh-oh. The ‘okina indicates the difference, for example, between kou (your) and ko‘u (my) or between mai (here) and ma‘i (sick). The letter “w” is pronounced like the English w or v – usually like a v after i and e; usually like a w after u and o; like v or w initially and after a.
