Why CAU International Winter Program

Chang Joon Lee - Taiwan, National Chung Hsing University

Thankfully, this winter program, I am able to experience the Korean culture. The special features and Korean classes were very good experiences because each class was so interesting. Professor and they all taught me interesting ways. Additionally, every class was very helpful for me to learn more about Korea and broaden my horizons. Furthermore, the activities that were scheduled for the winter program such as Skiing and visiting the DMZ are excellent for me to go and experience by ourselves. CAU WIP really made me close to all. I like everything and everyone there.

Afterwards, I got to experience different cultures, languages, entertainment, and history but the memory. I got to experience a lot of things. I knew I would love to do that, that I want to do that. Wang Szehung - China, Wuhan University

Living time in Chung-Ang University has been a wonderful experience. The great amount of activities that were planned were all amazing. I have the most experience when I visited Gangwon province and was able to see, such as the DMZ. And various great professors, have given me such experiences. I was impressed by the professors, who were very interesting. I have learned a lot from my Korean teachers who are very kind and friendly. Also, I appreciate the hard work from our group leader, who took back the students in this program. Thanks to this program, I have learned more about Korea. This learning may be small, but it is always good of our life and future.
